Will Organize For Enforcement Of Law

Two Meetings Are Conducted On Sunday To Organize For Movement

Conditions In City And County Are Discussed By Speakers

Pointing towards absolute prohibition as the final objective, the "Prohibition League of Lawrence County" got under way Sunday afternoon and evening in the Central Presbyterian church. The meetings were attended by men and women who feel that the time has come for the forces of law and order to rise in their might and combat violations of both the morale and civil codes.

The name for the new organization is not definitely selected yet but it was indicated by Attorney Robert L. Wallace, chairman of the Committee On Organization that it would be the above mentioned, or such a one as would tell its own story. Rev. E. A. Crooks presided over the two meetings.

Afternoon Meeting

In the afternoon meeting various phases of the liquor situation were presented by four speakers. Rev. J. A. Parsons of Pulaski presented a mass of details showing that the return of liquor has not accomplished the things its proponents said it would and that a lot of evils had sprung up with repeal.

Drunkenness has increased, he declared, bootlegging has increased, drinking has shown a sharp increase particularly among women and minors and the consumption of milk has decreased due to the increased use of beer.

Rev. D. L. Ferguson, pastor of the Highland U. P. church described some of the sights he had witnessed on a trip over the city on a Saturday

Congress Session Continuance To Worry New Deal

Troubled Waters Ahead For Some Of New Deal Legislative Program

"BLOC" BATTLES MAY BE RESULT

Several Of "Must" Measures Facing Moves For Drastic Modifications

By WILLIAM S. NEAL
International News Service Staff Correspondent

WASHINGTON, June 24—The new deal legislative program moved into troubled waters today, with a possibility that a turbulent scramble for "bloc" legislation may dominate congress during the hot summer days.

The demand to keep congress in session until the president's tax program is enacted and strong opposition to some new deal measures combined to upset, temporarily at least, the carefully laid plans of leaders for an early adjournment. President Roosevelt holds the key to the situation.

Should the movement to keep congress in session until the tax program is acted upon prove successful. However, leaders say "almost anything can happen."

Huey Demands His Answer

Calls Upon President To Answer Share-The-Wealth Questions

(International News Service)

WASHINGTON, June 24.—Senator Huey P. Long, Louisiana's kingfish, called upon President Roosevelt today to answer the six questions he asked him Saturday "so we will understand if he does or does not intend to stand for the share-our-wealth principles."

Long dictated this message to International News Service a few minutes after Mr. Roosevelt arrived from New York this morning:

"I am justly waiting very anxiously in the hope that the President will give answer to the six questions that I propounded to him Saturday. They merely asked him to say yes or no, so that we will understand if he does or does not intend to stand for the share-our-wealth principles, as nearly all newspapers and radio commentators interpret his message.

"It may be that he will deal us the nine of hearts again, but if he does he can expect to get a deuce spot thrown to him in November, 1936.

"He can't quibble now; he has gone too far. It is either yes or no."

Blame Politics For Dismissal Of State Nurse

Mrs. Blance Smith, of 925 Morton street, has received word of her dismissal as a Public Health Nurse for the state, effective June 22, in a letter from Edith McBride-Dexter, secretary of health for Pennsylvania..

No reason was assigned for her dismissal, but it is believed to have been for political reasons.

Word of her dismissal has caused a storm of protests among her friends in the medical profession, where she is regarded as a highly competent and efficient nurse.

Pittsburgh Man Killed In Crash

Meets Death In Accident On Perry Highway Early Sunday Morning

INJURED MAN IN LOCAL HOSPITAL

Orville E. Anderson of 4761 Baum boulevard, Pittsburgh, is in the Jameson Memorial hospital, suffering from injuries received in an automobile accident on the Perry highway, two miles beyond Portersville, early Sunday morning. The driver of the car, E. Ernest Rose, of 146 Lloyd street, Wilkinsburg, was killed in the crash.

Anderson received a fracture of the jaw and nose, and lacerations of the eye, scalp and leg. His condition was reported as fair at the hospital this morning.

Rose and Anderson were returning from Cambridge Springs, where they had participated in a golf match played Saturday by employes of the Westinghouse Electric and Manufacturing company, where both were employed.

Anderson was brought to the hospital here by E. H. Ward of Uniontown, at 1:30 Sunday morning.

It is said that the car, driven by Rose, crashed into the rear end of a truck, parked along the highway.

BEVERLY HILLS, Cal., June 24.—Well this "sock the rich" program is about all you hear about now and you can tell just to a dollar how much a man has got by how sore he is. They are supposed to put the thing over till next congress, but Senator Joe Robinson in this morning's paper had the best suggestion, as he generally always does, for he is mighty level-headed and plenty smart. Joe says to thrash it out at this session. "Why go home leaving everybody in fear of the next session."

Hold the clinic now, and operate if they are going to operate. You won't help business by postponement. Why not go ahead and let everybody know just what it's going to cost 'em to die, for the way it is now, a fellow don't know whether to die or not.

Only Signature Of Governor Needed On Bill To Restore Old Bars

MARGIOTTI RULES FOR SUNDAY SALES

(International News Service)

HARRISBURG, June 24.—Only Gov. George H. Earle's signature was needed today to restore the old fashioned bar and rail in Pennsylvania.

Hard liquor drinking over bars was restored in the liquor and beer bills which were approved by the legislature in its final hours Saturday. In addition to making many other changes in the present laws, the bills permit Sunday sales in reputable clubs.

Although the bills made no mention whatsoever of Sunday sales in clubs, Attorney General Charles J. Margiotti was to render a formal opinion declaring clubs exempt from the Sabbath ban on other licensees.

In addition the bills permit the liquor board to open "one-man" stores in smaller communities, keep stores open as late as 11 o'clock at night in its discretion, and arm its enforcement officers with the power of arrest.

STRIKE CLOSES 18 BAKERIES IN CLEVELAND, O.

(International News Service)

CLEVELAND, O., June 24.—With 18 of the largest bakeries here closed voluntarily today because of the drivers' union strike at two plants, 2,650 bakery workers were thrown out of employment. Many grocers arranged with neighborhood bakeries for bread until normal operations are resumed.

The strike affected the Star Baking Co., and the Wonder Bakers, both owned by Continental Baking Co. The company charged the drivers' union committee with suddenly breaking off negotiations after four weeks when the bakeries refused to discharge union workers who did not pay their dues, fines or assessments, and that the strike was called "without notice".

Court Refuses To Allow Woman To Plead Guilty In Kidnaping

"FORCED" TRIAL TO BE GIVEN WOMAN

(International News Service)

TACOMA, Wash., June 24.—Federal Judge E. E. Cushman today was to set a date for the "forced" trial of Mrs. Margaret Waley, the 19-year-old Salt Lake City girl who he refused to allow to plead guilty in the Weyerhaeuser kidnaping case.

Should John F. Dore and Stephen F. O'Brien, defense attorneys, declare they need but a week to prepare their case, Judge Cushman is expected to fix July 2 for the trial's beginning.

"We want an early trial. We are ready to start today if necessary," U. S. Attorney J. Charles Dennis said. "I'll oppose any move to postpone the case until the fall session of the court."

Finds Two Copperheads Occupying His Bunk

When Joe Starks, well-known colored man of the Wampum district, returned to his bunk in a hut in a rocky ravine in the vicinity of the Wampum cement plant last night and prepared to retire for the night, he discovered that his bunk was already occupied—by two copperhead snakes.

Joe had just started to light a cigaret when he felt something touch his hand. He quickly investigated and found that a copperhead snake had struck at him. He sized a gun and killed the snake. However, he had no more than dispatched it than he discovered a partner was located at the foot of the bunk. He quickly shot this one also.

Both snakes are in possession of James Ferrante, a teacher in the Wampum schools. They are between two and three feet in length.

Medical attention was given Starks immediately after the attack.

The hut occupied by Starks is an abode that is almost a cave in the stone of the ravine, it is said, and it is probable that the copperhead snakes had no difficulty in moving in while he was away.

From Lawrence county the following were at the meeting. Rev. G. S. Bennett, W. K. Hugus, Dr. Mildred Rogers, James J. McLaughlin of Ellwood City. CONFRONTS CHARGE OF PURE POLITICS

(International News Service)

WASHINGTON, June 24.—President Roosevelt returned to Washington today to take a personal hand in congressional debate over his tax-the-rich program. Reactions gained over the week-end away from the national capital were said to have convinced him the public in general is behind his proposal to redistribute the money of the very wealthy.

Just what he will tell puzzled congressional leaders was not revealed. It was apparent from talking to his aides, however, that he has decided to press the issue unless very good reason are put forward for not doing so.

Charges by Republicans and anti-administration Democrats that Mr. Roosevelt was playing pure politics when he suddenly asked congress to enact a new schedule of inheritance, gift and corporate income taxes probably will be answered today by instructions to senate and house spokesmen to move for action before this session closes.

Arrest Of Gang May Solve Hold-up

Seven Alleged New York Gunmen Are Captured In Surprise Raid

(International News Service)

POMPTON LAKES, N. J., June 24—The $427,000 holdup of an armored car at the Brooklyn plant of the Rubel Ice company last August and numerous other major crimes in the metropolitan may be solved, police hoped today, as a result of the arrest of seven alleged New York gunmen, equipped with hand grenades, rifles, revolvers and tear gas guns, in a lakefront bungalow here.

New York detectives, who took part in the roundup of the gang, along with local authorities, said the seven were members of a gang of hijackers and professional killers.

The prisoners were rounded up in highly dramatic fashion. Five carloads of officers, most of them armed with high-powered rifles, deployed through the woods, completely surrounding the cottage. They found the gangsters all asleep. One of the men, who apparently had been assigned to act as a lookout, was asleep in a chair in the center of the room, a rifle within easy reach of his hand. On a table nearby lay an unfinished solitaire hand.

The gunmen were awakened by taps on the shoulders and looked up into the faces of the raiders. None made an effort to escape.

The seven gave their names as Edward D. Gaffney, 35; John J. Hughes, 31; Arthur (Scarface) Gaynor, 31; Louis Balner, 26; Joseph McCarthy, 31; James J. (Ding Dong) Bell, 29, and Frank Fox, 27.

State To Seek Early Decision On Borrowing

Administration To Press Issue Before State Supreme Court At Once

VITAL TO FINANCE PLAN FOR TWO YEARS

Legislative Session Is Adjourned After Agreement On Issues, Saturday Night

By G. EFERETT DOYING
International News Service Staff Correspondent

HARRISBURG, June 24—The Earle administration today planned to go before the supreme court this week and ask for a ruling on the validity of its plan to borrow up to $50,000,000 on tax anticipation notes.

The high court meets in Philadelphia Friday for a special one-day hearing on the test case of the constitutionality of the new anti-party raiding bill. Attorney General Charles J. Margiotti was to ask the court to hear a friendly suit on the tax note act as the same time.

Want Speedy Action

Speedy determination of the constitutionality of the plan to provide the state with quick cash is necessary, budget officials asserted, to make possible payment of accumulated bills during the next few months. After Friday, the supreme court does not meet again until fall.

Upon the court's decision probably depends the success or failure of the biennial budget enacted by the legislature after nearly six months of wrangling over new emergency taxation which ended Saturday night when senate and house adjourned, 33 hours behind schedule.

If the act is ruled out because of

State Militia Called At Tacoma To Keep Order In Strike

(International News Service)

TACOMA, Wash., June 24.—At the order of Gov. Clarence D. Martin, 300 National Guard troopers marched into Tacoma today to guard eight lumber mills which have opened in an attempt to break the paralyzing lumber strike here.

Decision to move the Second Battalion of the 161st Infantry into the strike area came after conferences between Gov. Martin of Washington and Gov. Charles H. Martin of Oregon. A statement in which both governors concurred was issued shortly before the troops rolled into Tacoma in 16 motor trucks. They declared that "law and order must be preserved at all costs.

Joint action of the chief executives of Oregon and Washington was taken to indicate that similar troop movements would take place in Oregon when Portland mills open in opposition to the strike.

What is a welkin daddy, asked a sturdy little tike, is it a town or mountain peak or something for a bike. Is it a horses halter or a gadget for a car, or maybe its the lid that fits a top the cooky jar. My son responded daddy, a welkin is a thing that folks refer to when they say they make the welkin ring. I would not know a welkin if it came down the street, but this I know a welkin ring is something rather sweet. And so I hope I've told you what welkins ought to be, they're something but don't know what, the weather's eighty-three.

Recommend Further Trial Of Liquor Stores

(International News Service)

HARRISBURG, June 24. — Although it reported finding many errors of judgment and mistakes by the Liquor Control board, a house committee which at the request of Gov. George H. Earle, investigated the state liquor stores today recommended in a report to the legislature that the system be given a "further trial."

"We believe that the experience of the last year and a half, under conditions in many ways abnormal, has not been sufficient for a fair trial and that a proper estimate of the state stores system as a permanent agency is not possible at this time," the committee headed by Rep. Herbert B. Cohen, York, reported.

The report vigorously assailed the so-called "floor tax" contracts, the business judgment of the liquor board, its purchasing, inventory and accounting methods and its leasing of cash registers for an amount sufficient to purchase the machines.

Although it charged attempts were made to influence the liquor board by the Pinchot administration, members of the legislature and other political leaders, the committee reported:

"There is no evidence of corruption. On the contrary, it may be said the members of the board are men of the highest integrity, who would not be influenced to do any act in violation of their duties through any corrupt motive."

Wilkinsburg Man Is Killed In Accident On Portersville-Zelienople Road

MANY INJURED THROUGHOUT STATE

(International News Service)

Fourteen lives were sacrificed and scores were injured in several motor mishaps on Pennsylvania's highways over the week-end, an International News Service survey revealed today.

The death toll was heaviest in central and eastern Pennsylvania where nine persons were killed. Four lives were snuffed out in western Pennsylvania, while ten persons were killed in other parts of the state.

In Eastern Pennsylvania

Mrs. John Snyder, 30, Ethel Williams, 21, and Charles Snyder, 15, all of East Mauch Chunk, were killed when their automobile overturned near Lehighton. Two others were probably fatally hurt. In another crash near Lehighton, Antone R. Thomas, New York, was fatally hurt.

Fred E. Menke, 20, was killed when his automobile crashed into a pole near Harrisburg. His grandmother, Mrs. Catherine R. Menke, 74, was badly hurt.

An automobile killed Stanley Cullison, 3, near his home in Gettysburg, Edna Borneman, 21, Limerick, died of a fractured skull suffered when a car overturned. Jonas Livering, 53, of Pine Grove, died in the Lebanon hospital of a broken back suffered when his car overturned near Suedberg.

An automobile collision cost the life of Harold Mitchell, 29, while he was enroute to Jersey shore to be best man at a wedding.

Michael Vellia, 30, and James Sabo, Jr., 20, both of Conway, were killed and a third man was injured when an automobile in which they were riding crashed into a telephone pole near Conway.

On Perry Highway

Enroute home from a golf match at Cambridge Springs, E. Ernest Rose, 59, Wilkinsburg met instant death when his car crashed into the trailer of a truck between Portersville and Zelienople.

When a driver lost control of his machine which hit a pole, Mrs. Anna Forhals, 39, Pittsburgh, died of a fractured skull. The driver, Edward Locher, 58, was charged with reckless driving.

Scores were injured in a variety of motor mishaps throughout other sections of the western district.

Eight persons, six of whom were rushed to a hospital, were injured when two automobiles crashed near Ruffsdale.

For the second consecutive weekend only one person was killed in heavy motor traffic in the Philadelphia area. More than a score of persons were injured, none seriously, in several minor accidents.

Alonzo Green, catcher for the Columbia Stars, a Philadelphia negro baseball club, was killed and every other member of the team was injured when their truck was overturned in the northeast section of the city last night.

By tightening up on provisions for clubs, giving the board greater police power and letting down the bars on many present provisions, the new legislation was expected to spell the doom of "one-man" clubs and deal "bootleggers" a body blow by its sponsors.

STATE TO SEEK EARLY DECISION ON BORROWING

(Continued From Page One)

constitutional restriction on borrowing, the special session the lawmakers made necessary by providing only one year's relief fund probably will be called this fall. If the act is declared valid, the state will be able to obtain $50,000,000 from the banks to pay bills and pay back the notes in 1937 when emergency taxes are paid.

Adjourned Saturday Night

Although scheduled Friday noon adjournment was not reached until 9 p. m., Saturday, the biennial session virtually completed its work late Friday when Senate Democrats and a bloc of 10 Republicans forced through a one-mill increase in the tax on intangible wealth such as stocks and bonds, to be collected by the state.

They provided $16,000,000 to make up the total of $125,000,000 needed new revenue for the biennium, with relief at only one year, ending the controversy over tax bills which plagued the politically divided senate and house from early February.

Other disputes, over liquor and public works enabling legislation, held up adjournment more than 24 hours longer but balancing of the budget assured the session would end. Clocks were stopped to make possible "Friday noon", adjournment officially.

Reach Agreement

Last of several hundred bills to reach Gov. George H. Earle's desk were the measures authorizing establishment of municipal and state "authorities" to spend Pennsylvania's share of the $4,000,000,000 federal works fund. The eleventh-hour deadlock over the latter bill was settled when conferees agreed to expand the "authority" membership to eight, four from each party, to enable each side to name all the persons it desired on the board.

The liquor bills permit stand-up drinks at bars, continue the ban on package beer sales at corner groceries, give the liquor board broad powers to regulate alcohol and establish one-man stores in small communities to discourage bootlegging. Only Governor Earle's approval is needed to make them law.

Some Accomplishments

In addition to these items, the legislature set up machinery for revision of the state's constitution: enacted an individual income tax with rates from two to eight per cent to relieve local school taxes on real estate; provided permanent registration in third class cities and Philadelphia, the only cities without it now: extended control over milk for two years and brought ice cream under the regulation of the state; authorized Sunday movies in municipalities that favor them and increased the hours for playing Sunday baseball to one to seven p. m. by legalizing Sunday tennis and polo during those hours with a baseball rider attached: and disposed of scores of lesser issues.

Labor legislation, headed by a vastly liberalized workmen's compensation law to make compensation payments on a $12 to $25 weekly scale, fell into discard because of inability of house and senate to reach accord on provisions. A bill banning child labor under 16 years of age and limiting it for youths under 18 years did get through, as did the bill repealing the "coal and iron" police act, the only sections of the labor program to reach Governor Earle.

Governor Earle has until July 22 to act on the mass of measures which the legislature piled up on his desk in the last week of the session. He approved the Sunday tennis and polo bills before the legislature adjourned, signing also the Brancato bill outlawing "heart balm" suits except in seduction cases.

Waley will be available only as a defense witness, according to Prosecutor Dennis.

Waley, in a brief statement to Judge Cushman, declared Mrs. Waley knew nothing about the $200,000 ransom plot until two days after the abduction.

According to the defense attorneys, Waley "dominated" Mrs. Waley and "forced her" to play a part in the crime after she was blindly brought into it. The government, however, charges she conspired with Waley and William Mahan, fugitive co-defendant of the "Egoist" mob, to execute the plot and she actually mailed one of the ransom notes.

STAR ATHLETE ENDS OWN LIFE

(International News Service)

MADISON, Wis., June 24.—Three thwarted ambitions, momentous in his own eyes, were blamed for the self-inflicted death of Mario Pacetti, 21-year-old star athlete at the University of Wisconsin.

Only a few days before he was to depart for the United States Military academy at West Point, to which he had been recently appointed, the handsome youth was found dead in a rented sedan. A rubber hose had been attached from the exhaust to the interior of the closed sedan. The motor was still running when passersby found the body.

Although no notes were found to explain Pacetti's act, friends recalled that he had been bitterly disappointed by his failure to be elected captain of the 1934 Wisconsin team on which he starred for three years; his failure to be named the most valuable player by his teammates, and an unrequited love for a Madison girl.

FAITH
HOW THINGS HAVE CHANGED

There was a time when Dad, Mother and the kids had at least two pairs of stockings each—one for every day and one for Sunday. In those days they either walked to church or rode in the one-horse, four-passenger carriage.

Now they are lucky to have two pairs between them, and they have to be laundered every night, but nearly every member of the family has an auto to go to ch——— or somewhere on Sunday.

The city comes along and places good concrete clothes poles right at our front doors, and when they get the clothes lines on them we can hang our nightie wash on them at night and reach out and take them in the next morning ready to wear.

HEALTHY CHANGE IN HERO WORSHIP

CHILDREN'S reactions to the deeds and opinions of the adult world are significant. While the criminal careers of the bootleg gangs and gunmen racketeers were being so avidly sensationalized, playing the role of Dillinger and Capone was sometimes sport on the back-lots.

There is little hero-worship of that warped type in evidence now. The spectacular campaign the department of justice has waged against kidnapers and other racketeers has impressed the public, and consequently the juvenile mind, with the heroic efforts under way to stamp out organized crime.

In line with this was the visit the other day of a group of New York youngsters to J. Edgar Hoover, head of the division of Investigation, to receive from him medals inscribed "Crime Can't Win"; to hear his descriptions of the anti-racket crusade, to hail him as a "great guy."

Making heroes of the G-men instead of Dillinger and other quick-shooting cowards is good for young America.

JAPAN MARCHES ON

Japan has so well learned the lessons of Western history of the nineteenth century that in their relations with China, the militarists who now have control of the Japanese government have definite advantages which they intend to exploit to the very limit. Being without a strong centralized government, China is incapable of presenting a concentration of her limitless potential strength against the aggressions of Japan. Then, too, money and effective leadership are lacking.

In consequence, the piecemeal conquest of China proceeds. In 1931, Manchuria, consisting of about four hundred thousand square miles, was overrun by Japanese forces, and set up as a dependent puppet state called Manchukuo. In 1933, the Province of Jehol was added to Manchukuo. And now the Japanese invaders are pressing south of the Great Wall to annex the Province of Hopei. In all, nearly six hundred thousand square miles will have been added to the territory of Japan when the present operations are ended.

These are merciless processes, carried out, fortunately, with but a minimum of bloodshed, due to the state of extreme impotence to which sprawling China has been reduced by internal strife and the complete demoralization of the people. They are utterly ruthless and are concerned in no way with considerations of equity. But they are in conformity with the accepted traditions of imperialistic nations, including Italy, which is even now engaged in the preliminaries which will eventuate in the acquisition of Ethiopia.

IN MEMORY OF T. R.

There could be nothing more appropriate than the fulfillment of the plan of the government to set aside a vast public recreation area in North Dakota as a memorial to Theodore Roosevelt. The spirit of the strenuous American, now in far-off Valhalla, will view with unrestrained delight this thoughtful tribute by an affectionate and admiring people.

If the field of ecclesiastical authority may with propriety be invaded for just a fleeting instant it will be with the purpose in view of anointing Theodore Roosevelt as patron saint of the great outdoors. No American exemplified more faithfully than he the ideals involved in a love of nature's great masterpieces, the plains and the forests, the mountains, jungles and rivers of his own and other lands.

And this devotion is natural and easily comprehensible. A frail, delicate youngster, he sought and obtained in the sunshine and invigorating atmosphere of the West the qualities necessary for his physical sustenance. On foot, riding trails, sleeping on a bed of pine beneath the stars, he drank in the spirit of the open spaces and came to be during his lifetime a symbol of the best that the great West brought to the nation and its people.

Later, when he had won high place in national affairs, he stood with a few stalwart kindred spirits in the path of the spoilsmen who were bent upon exploiting the natural resources of the country for their personal profit.

If there exists in the United States at the present time a greater appreciation of the priceless character of our heritage of rushing streams and wooded hills, mountains and towering pines and oaks and hemlocks, a large measure of the credit must go to Theodore Roousevelt, who lived among them, loved them and sang their glories.

WHAT PRICE SECURITY?

A perplexed letter-writer to the New York Herald Tribune muses thus: "By dint of thrift and careful management my wife and I acquired means enough to take care of us in our old age, now at hand. We saved while others spent. And we wonder to what end! We find our savings depleted and face the possibility of utter ruin, due to the various bills which the president has designated as his "must" measures. I refer to the Wheeler-Rayburn bill and others of like Socialistic trend."

This man is not alone in his confusion and wonderment. There are thousands like him. It is easy enough to say, "What of it? He and his wife are not the first people to go on relief. They will have plenty of company." But this man and his wife represent the workers the savers who have kept this country solvent, who have furnished the financial fuel for American industry. It is they who have helped to make possible public relief on a huge scale. However, their prospect is no better than if they had been shiftless and improvident.

In such cases as this, of what meaning are those beautiful phrases of the New Deal, "economic security" and "the more abundant life?" What purpose is there in jamming through congress, on the one hand, "security" legislation of doubtful workability and even more dubious constitutionality and, on the other, bills to penalize industry and smother it with oppressive taxation?

Whatever may be said about President Roosevelt's good intentions to provide security for his countrymen, there can be no question that for a great army of citizens the result of his efforts is a definitely intensified insecurity.—Philadelphia Inquirer.

In these alimony days you can't tell whether a marriage is made by cupid or cupidity.

Why shouldn't a "big man" be hard to see? Nobody tries to see him except those who want something.

Nature tends to great fortunes. The generation that gets wealth without earning it is too soft to keep it.

Utopia seems to be out of the question but we'd be quite well satisfied if we could return to those relatively carefree days when the tariff was our most troublesome issue.

SHE DIDN'T KNOW SHE WAS "FREE"

KATE FERNALD was the stay-at-home.

Rissa and Nat and Dick were the wander-fars.

Kate never knew anything but this little harbor of Maine where the Fortune family's great ships were built. Kate was faithful and honest and true, and her hands were calloused and her lot was hard. . . . .Kate was a giver, knew nothing of taking, and Kate was left alone at last in the great house of the Fortunes, come at the end upon evil days.

Rissa was lovely, charming, ambitious for her brother, Nat. . . . Nat was a marker of music, sensitive and driven by dreams. . . . Dick was a painter, sturdy and sure of success. . . . And the four were young together in the great Fortune house. Kate loving them all and protecting the young brother and sister. The two of them taking her love as though it belonged to them.

And then they ran away and left her. Rissa, so slim and so fair, to guide her brother to great success. Nat to weave his destiny out of the strands of his dream. Dick, to love Rissa hopelessly, and be a fine painter. . . . And Kate, the strong, stayed home to endure loneliness and disappointment and to master her fate.

But Nat wrecked his life and long years afterward came brokenly home to the great house called Fortune's Folly. Came back to Kate and was healed by her strength and her calm and was grateful for the peace he found in her. And one day he told her he envied the way she was—"all warm and strong and—free."

Kate said: "But I've never been free in all my life. I've been tied here hand and foot."

Nat, wise in his own bitterness, replied:

"Trees are rooted, but they're free to grow. They don't put up things to set in their own way. That's what I mean about you. You just take hold where you are and strike down deep, the way I can't seem to—"

And in her heart Kate Fernald knew he spoke the truth. She who had been tied hand and foot was freer than any of them. She who had known hardships had had the easier life than they. She was the happiest.

THE SUMMER COTTAGE

The summer cottage season starts.
The family from the town departs
Besides the lake once more to dwell.
The dinner season ends again
And now we go where food is plain
And mother gets a resting spell.

Now doors will bang as in and out
The care-free children race and shout.
We'll read the papers three days late.
The roof will leak, the floors will squeak,
And there'll be company many a week
For whom we'll borrow cup and plate.

A swarm of curious hard-shelled things
That crawl about or move on wings
And seem to love resorts and camps
Will come the women folks to fright,
And great moth millers with the night
Will buzz and flutter 'round the lamps.

The summer cottage season teems
With troubles, happy though it seems.
'Tis not all pleasure when we roam.
And many a time while cleaning fish
Beside the kitchen door I'll wish
For all the sweet annoyances of home.

SICKNESS IS NOT ALWAYS IMAGINARY

It is hard for a strong, healthy person to extend sympathy to the person who is in poor health.

Too often the robust person thinks the ills of others are largely imaginary.

The healthy man thinks the one who complains of so many aliments is not so seriously afflicted as his or her conversation would indicate.

Many aggravating little disturbances combine to produce serious results.

The mind has much to do with the state of health.

To much annoyance does prey upon the mind and bring ill-health.

Remove the cause and all is well again.

Perceiving some such recoveries, the healthy persons find it hard to appreciate how much a victim of aches and pains may really suffer.

It is difficult for a sturdy individual to understand weakness.

They think a slackening of effort is foolish and comes from a desire to avoid labor.

In other words, they consider it a form of laziness and consequently do not allow themselves to be sympathetically affected.

In some cases they are right, but not always.

Both President Roosevelt and Huey Long are out on "share-the-wealth" platforms. It now develops into a race to see which can give away the most. Meanwhile what about Townsend and Father Coughlin? They have plans to share a little of other peoples wealth also. You don't need statesmanship to be great. All you have to do is rob people of their life savings, and give it to the people who cheer.

People who are happy when they have paid their just bills, are generally pretty decent sort of citizens.

There is a constant howling on the part of some about the wickedness of mankind. They would have you believe that evil predominates. That is far from the truth. The great majority of people are good. Among your acquaintances do you not think that most of them would rather save than destroy, rather be robbed than steal, rather suffer than to cause suffering, rather give than receive charity? The tendency seems to be to magnify evil and minimize good. At least 80 per cent of the people on this earth are square shooters. If you don't believe it just ask them.

The state has been authorized to borrow fifty million dollars. Read this right, it's "million" not "billions". The national government deals in billions. The taxpayers pay both, so it don't matter much to the taxpayer whether he is paying on millions or billions. He's getting used to it.

Mitchell Charges Stir Capital. Neither Party Is Happy. Tax Exempts Are Seen As Doomed.

Central Press
New York Bureau
235 East 45th street
By LESLIE EICHEL
Central Press Staff Writer

NEW YORK, June 24.—A strange thing has occurred in regard to the charges of Ewing Y. Mitchell, ousted assistant secretary of commerce. Neither Republicans nor Democrats desired to hear them. But third party possibilities are giving them great heed.

Mitchell attacked the shipping lobby. It is one of the most powerful. Its influence has been equally strong under Republican and Democratic administrations.

But the queerest part of it all is that President Roosevelt himself may be, consciously or unconsciously, likely in the end to be on the side of Mitchell rather than on the side of his secretary of commerce, Daniel C. Roper. The president urged not long ago that ship subsidies be in the open, instead of camouflaged, as at present.

UNDERSTANDABLE?

The president, is these rush-hour days of congress, is proving himself more of an enigma than ever to "men of affairs". While, on the other hand, he is strengthening his political appeal.

The hard-fought utilities holding company bill is a point in question. The banking bill is another. Naturally, New York financial interests will use every possible means to prevent encroachment on their doman. They can win enough senators—always. But then there is the president. At times he seems wavering. At times he seems "reasonable". Then, suddenly, he makes a move—to "protect the people and investors from holding companies", or "to take control of the banking and credit system from Wall Street and giving it to the people".

Then the mass of people rush forward, pushing their representatives and senators before them. Even the Republicans give heed.

VIEW OF LIBERALS

On the other hand, the liberals say their heart sinks when President Roosevelt offers some "stop-gap" liberal measure. They assert that his recommendations of higher taxes are too mild—that the majority of wealth would escape, that nothing much would be "redistributed".

And they add that the old age pension bill is "weak and watery—more a title than an effective act." And there is no longer ever a thought of job and health insurance.

But, worst of all in their eyes, they believe the president again "deserted" them when he permitted the virtual rewriting of the Rayburn utilities bill to enable "good" holding companies to live at the discretion of the Securities and Exchange commission.

The chief question is: Why does the president fluctuate or waver since, whenever he does take a determined stand, opposition crumbles?

* * *

TAX EXEMPTS DOOMED

Probably the most notable feature of future tax legislation will be the passage of a resolution to submit to the states a constitutional amendment permitting the federal government to tax state and local securities now tax exempt. State legislatures are expected to ratify such and amendment quickly, for they obtain much of their funds now from the federal government.

FEARFUL

Politicians in various states that adopted sales tax is instead of income taxes are beginning to fear next year's election.

The state sales taxes have borne heavily on food, clothing and medicine.

Ohio and Illinois particularly are susceptible to political overturn because of that.

Today's Yesterdays—June 24, 1495—Christopher Columbus instituted slavery in the New World, and before he had seen the American mainland! Simultaneously he imposed tribute upon their fellows in the island which reduced them to virtual slavery.

Writing Wrongs—You're wrong if you believe—

That Dumas was the creator of "The Three Musketeers."

Here's How State Will Tap Citizens With Income Tax

HARRISBURG, June 24— The State income tax authorized by the Legislature is imposed at a graduated rate on the net income of Pennsylvania residents. Net income is defined as the gross income of a taxpayer less deductions allowed in the law.

The act defines gross income as "gains, profits, and income derived from salaries, wages or compensation for personal service of whatever kind and in whatever form paid or from professions, vocations, trades, businesses, commerce or sales or dealing in property whether real or personal growing out of the ownership of or interest in such property also from interest, rent, dividends, securities or the transaction of any business carried on for gain or profit and all other income derived from whatever source whatever, including income derived through estates or trusts by the beneficiaries thereof whether as distributed or as distributable shares."

The following items are exempt from the tax

Amounts received under a life insurance contract paid by reason of death.

Amount received by insured as a return of premium or premiums paid by him under life insurance endowment or annuity contract.

Value of property acquired by gift, bequest, devise.

Interest received from the United States Government, the State, or any municipal corporation.

Any amount received through accident and health insurance or under Compensation act.

Salaries or wages and other compensation received from the United States government.

Stock dividends received by a shareholder.

Income received by any officer of a religious denomination.

Principal and income paid by a building and loan association to a member upon maturity or withdrawal of members from association.

REASSURING!

The Christmas guest was being shown to his bed in the haunted room by his host's faithful but rather sinister-looking, retainer.

At the door of the room they paused.

"By-b-by the way," asked the guest, "has anything-er-unusual ever happended in connection with this room?"

"Not for fifty years, sir," said the servant hollowly.

"And what happended then?" asked the guest with a sigh of relief.

"A gentleman who spent the night here appeared at breakfast the next morning," came the reply.

Expect Two Of Liquor Board To Leave Posts

(International News Service)

HARRISBURG, June 24.—As a result of the findings and recommendations of the house liquor inquiry committee, Chairman Robert S. Gawthrop and Dean A. M. Thompson, a member, today were expected to sever their connections with the state liquor control board. W. Worrell Wagner, the third member, may remain.

Although the committee did not advocate their removal, it pointed out that neither Gawthrop nor Thompson were familiar enough with the liquor business to meet the qualifications which it set up for board members. The board was roundly criticized for errors of judgment and mistakes committed prior to and after March, 1934, when Wagner, who had a long experience in the liquor business was appointed by former Governor Gifford Pinchot.

Arguments Heard On New Tax Law

County Officials Want Court Ruling On Question Of Delinquent Tax Payments

Arguments were heard by Judges Hildebrand and Chambers this morning on the petition of the county commissioners for a declaratory judgment defining their rights under the new delinquent tax law.

The county commissioners, treasurer and controller want to know if they can legally allow delinquent taxpayers to pay their delinquent taxes over a period of five years, provided their 1935 taxes are paid as specified by the act.

A question of the constitutionality of the act has been raised, and the county officials do not feel like acting without a ruling on the matter. So far nothing has been done toward collecting delinquent taxes under the act.

Another question involved is the compensation of the delinquent tax collector. The former acts provided for a five per cent commission, which seems to be eliminated under the act.

Twenty-Two Bills Signed By Governor

Governor Earle Plunges Into Mountain Of Bills On His Desk

(International News Service)

HARRISBURG, June 24.—Plunging into the mountain of bills before him awaiting action in the wake of the legislature's adjournment, Gov. George H. Earle today signed 22 bills and vetoed three of the 388 measures on his desk.

Appropriations of $10,000 each week approved to finance a state tobacco survey to aid Pennsylvania tobacco farmers to fight diseases and blights, and to finance the joint legislative committee named to investigate unemployment relief. The committee, headed by Rep. Miles Horst, Lebanon, will continue its work during the interim between sessions.

Another bill signed was the Ruth measure transferring from the hands of lay members to the control of church officers property owned by religious denominations.

Three Bills Vetoed

Two of the vetoes were based on the argument the bills were unnecessary. They were the Roberts bill exempting from security school funds up to amounts insured by the federal deposit insurance corporation and the Reed bill requiring construction of foot paths on bridges over streams in municipalities if the bridge is on a state highway. Governor George H. Earle said a previous act of the session eliminated necessity of security for any insured public funds and that the Highway Department now had authority to construct sidewalks and paths on highway bridges.

Many Bills Signed

The third veto was a Coyne bill providing for appeals from assessments on real estate for taxes in Allegheny county in any year. At present appeals can be taken only after the tri-ennial assessment.

Other bills signed included:

McGinnis, refusing licenses to undertakers now operating without licenses.

Law, setting 20 years as the maximum time for bonds refunding local indebtedness to remain outstanding.

Sordoni, making it unlawful to tattoo minors without consent of their parents.

Scott, regulating the sale of certain types of fertilizer.

Jackson, refusing certificates of registration to individuals under the act of solicitation of money for charity.

Woodside, exempting dog trainers, hunters and fishermen from the firearms act.

McClure, authorizing all counties except Philadelphia to appropriate money to county poor districts for hospital purposes.

Women And Girls To Be Employed

Those On Relief Rolls To Be Given Employment As "Visiting Housekeepers"

(International News Service)

WASHINGTON, June 24.—Thousands of women and girls now on relief rolls will be given employment as "visiting housekeepers."

Mrs. Ellen S. Woodward, assistant works progress administrator in charge of women's activities, under the $4,000,000,000 employment program, revealed this plan today as one means of providing employment for the more than 300,000 women and girls between the ages of 18 and 65 now on relief and eligible for jobs.

The plan already has been tried out with "eminent success" by the FERA's women's division, on which Mrs. Woodward was head, she revealed.

More than 6,000 women from relief rolls have been employed, at relief pay allowance, to meet emergencies in homes of other families on relief. These visiting housekeepers have cared for the sick, helped select and prepare food, cleaned house, made and remodeled garments, did the family washing and ironing, cared for children, and, in general, performed all household tasks.

FORMER UNIONTOWN GIRLS ENMESHED IN NEW YORKER'S DEATH

(Continued From Page One)

slumped over the wheel of his automobile in a garage adjoining the cottage of his friend, William Brown, 30, an insurance man, by whom the Kassady girl was employed as a housemaid.

The girl signed a confession, police said, in which it was said she struck Burness on the head with a hammer in a quarrel over money and then left him to die of carbon monoxide poisoning.

An autopsy performed by Dr. Howard W. Neaill, noted pathologist, contradicted the girl's story, however, it was said. Dr. Neaill declared Burness died from the effects of the automobile's exhaust and that any blows Burness might have received were inflicted after death.

Tell Different Stories.

Detectives who questioned the two girls said they told three different stories.

Brown was not at home when the tragedy occurred. His wife was away, visiting friends in the country, and he had left Burness asleep in the house.

According to the confession signed by the Kassady girl, she invited Irene, who is employed as a maid in a home near the Brown residence, to stay over night with her.

In the morning, she is reputed to have said, when she saw Burness leave for the garage she followed him and after an exchange of pleasantries became enraged when he refused to give her a $5 "tip".

"I struck him on the head with the hammer, then I bundled him into the car and left the motor running," the police quoted Dorothea as saying.

Although they described the maid's story as "a tissue of lies," Nassau county detectives said they were convinced she may be connected in some way with the young broker's death.

The dead man's fiancee, Natalie Norton, beautiful daughter of William Norton, manager of the Music Box theatre in New York, sobbed out a sweeping affirmation of faith in Burness last night.

"I don't care what that girl says, I know there never could have been any connection between Jack and her," Miss Norton cried. "She is lying....Jack would never have engaged in such an affair."

CONGRESS SESSION CONTINUANCE TO WORRK NEW DEAL

(Continued From Page One)

flation, and further silver legislation are considered certain if the session drags through the summer. Leaders of "blocs" backing these proposals have already indicated they are looking for a chance to renew their drives.

Spokesmen for the American Legion greeted the president's tax program with a declaration that it provides a way to pay the bonus. The farm-inflation "bloc" backing the Frazier-Lemke farm refinancing bill, are within sight of a majority in the house to call the measure from committee. The silver "bloc" is again active.

At least three of Mr. Roosevelt's "must" measures may be defeated or drastically modified by congress.

Three Doomed To Changes

They are the omnibus bank bill, the Guffey coal control bill and the utilities holding company measure.

A showdown is lated on the bank bill this week with strenuous efforts being made by Senator Fletcher (D) of Florida, to effect a compromise. Unless action is taken by June 30, the permanent bank deposit insurance plan—disliked by bankers and not wanted by the administration—becomes effective.

Modification of the federal reserve board, may be made in the effort to compromise the bank bill fight.

Having defied the administration by voting the "death sentence" on utility holding companies out of the Wheeler-Rayburn bill and rejecting the tax provisions, the house interstate commence committee will present the measure to the house this week. While the administration planned a desperate drive to restore the bill to the form in which it passed the senate. Success seemed doubtful.

The Guffey coal bill, urged by Mr. Rooseveit to halt a threatened soft coal strike, July 1 is before a house sub-committee. Some members of the committee believe the bill is as unconstitutional as was the old NRA. There appeared to be no likelihood of enacting the Guffey bill this week, and if it passed at all, it may be drastically modified.

It is easy to seem a wise critic. You just take a proposition that nobody doubts and solemnly prove it.

Rev. Ferguson said he was convinced the police were sincere in their efforts to curb crime and violation but that it was possible to have bad conditions legally, due to repeal.

Kelso Speaks

James B. Kelso, member of the General Assembly from the second district of Lawrence County spoke in place of J. Audley Boak who was unable to be present. Mr. Kelso said "this movement seems to be too late in starting. The movement to uphold Sunday laws should have been started a year ago, for legislation which has been passed destroys some of the safeguards of the Sabbath which existed. He urged the people present to question candidates for the General Assembly as to their stand on Sunday observance and then to vote accordingly. Rev. R. H. Martin of Beaver Falls, was introduced and spoke briefly, his address coming in the evening session.

Attorney Robert L. Wallace, chairman of the Committee on Organization was the last speaker of the day. He outlined the organization plan his committee had worked out and said it would include a county chairman, a first and second vice chairman, secretary, treasurer, advisory committee and an executive committee.

"The advisory committee should be composed of men and women who have had practical experience in politics" said he, "for this group is going to have to get into politics to bring about certain changes. The first thing we should work for is a decent local option law and from there go on to the place where absolute prohibition will be returned." The meeting was dismissed by a benediction by Rev. R. T. Williams.

Evening Meeting

In the evening meeting it was expected that Cameron Ralston would be present, but he could not be secured. Due to the weather the evening meeting was held in the the Central Presbyterian church instead of Cascade Park. Preceding the speaking program the Highland United Presbyterian church choir presented some splendid numbers. The Baldwin ladies chorus was directed by Mrs. June Bernard and the male chorus by Richard E. Johns.

Rev. R. H. Martin, editor of the Christian Statesman was the speaker of the evening and devoted his address largely to the Sunday question. He said that he believed prohibition would return easier than it was first established. Rev. Martin said he was worried more about the breaking down of the Sabbath observance laws than he is about Prohibition "Standards are being broken down" he said. "The rights of people are being violated. It is everybody's right to be permitted to rest on the Sabbath day and the Sunday movies and the working of people on Sunday violates that right." He urged the group present to stick together and perfect an organization that would return the Sabbath observance laws. Rev. Norris A. White dismissed the meeting with the benediction.

The organization will be further perfected and announcements will be made later as to the meeting to select officers.

Relief Decline Is Slowing Up

Robert L. Johnson Reports Slowing Up On Decline In Those On Relief

(International News Service)

HARRISBURG, June 24.—A slowing up of the decline in the state's relief rolls was reported today by Robert L. Johnson, state relief director.

The number receiving relief in Pennsylvania the week ending June 15 was 1,656,045, or 7,130 less than the week before but the case load decline of 1,250 families was smaller than that in recent weeks due to the heavy increase in relief applications last week and the substantial number of applications received already this week, Johnson said.

Total expenditures for work and direct relief the week ending June 15 were $2,620,190, he said.

Man Sentenced On Dope Charge

Handyman For Dr. H. C. Zimmerly, Given Two Years In County Jail

(International News Service)

LANCASTER, Pa., June 24.—Richard ("Dick") Parker, who served eccentric Dr. H. C. Zimmerly as handyman in the latter's "house of horrors" at Mechanics Grove, today was given two years in the county jail for violating the state narcotics laws.

In sentencing Parker, Judge B. C. Atlee reserved the right later to send him to an institution for treatment for dope addiction. Sentence on two charges of larceny growing out of the theft of a truck during an escape from a Lancaster hospital was suspended.

The 67-year-old physician was recently given a long penitentiary term upon his conviction on several charges of performing illegal operations, one of which resulted in the death of Mrs. Gladys Lawson, 26, whose body, the commonwealth contended, was cut up and then destroyed by chemicals.

JOHNSON HERE FOR CONFERENCE

Handle Only Direct Relief

The relief boards will handle only the direct relief in the future. All works projects have been divorced from the relief boards and Mr. Johnson will have nothing to do with them. This end of the relief will be handled by the PWA with Edward N. Jones, former secretary of labor and industry as the head.

"Is it a fact that the new PWA setup will be handled as a political matter and the appointments will be made from political motives" was asked Mr. Johnson.

"I can say nothing about the works projects" said he. "I am handling only the direct relief and you can be assured that politics will have nothing to do with that."

Several windows in the chancery were broken when the bomb, consisting of several sticks of dynamite attached to a cartridge, burst while the ambassador was sleeping yesterday morning. Daniels was unable to explain the incident, and said he had received no threats.

Outlines Needs Of State College

President Hetzel Makes Report Of Conditions At State School

(Special To The News)

STATE COLLEGE, June 24.—Characterising the last three years as "extremely trying" because of the reduction of income in the face of increased demands for service to the people of the state, Dr. Ralph D. Hetzel, president of the Pennsylvania State college, in his annual report to the board of trustees made public today, outlined the major needs of the institution which the college administration hopes to see satisfied as soon as the financial condition of the state will permit.

In summarizing the most pressing requirements of the college, Dr. Hetzel called attention to the fact that during the past year the resident student enrollment totalled 5288, the largest enrollment in the history of the institution which dates back to 1855. In the face of the college's pressing needs, he nevertheless went on record to the effect that it is the desire of the institution "to adjust its program and moderate its financial requirements in sympathy with the conditions and circumstances of the people of the state."

Among the items calling for most immediate attention President Hetzel listed the needs in the several schools for enlarged instructional staffs and permanent equipment for resident and extension teaching, and for research. He called particular attention to the fact that the school of agriculture needs additional greenhouses and buildings to provide more adequate space for four of its departments.

He pointed out, also that the school of chemistry and physics which is more dependent upon equipment and supplies than any other school in the college is particularly hard hit by retrenchment in present budget figures and requires, especially, laboratory facilities in chemical engineering. The school of education is badly in need of a building of its own, the present former fraternity house being entirely inadequate for its purposes.

In the school of engineering, the needs are sharply focused on increased demands for work in extension. The school of the liberal arts, which now not only has the largest enrollment, but offers the greatest number of service courses for other schools, is suffering from the large number of students per section, which may be corrected only by a larger instructional staff than present finances permit.

The need for a new library building has become acute and may not be staved off indefinitely by temporary expedients, the report states. And the larger number of women who annually apply for admission to the college continues to create a problem in that additional dormitories for women, as urged by the dean of women, parents, alumnae and women's organizations with increasing insistence, become more and more necessary.

In the field of extension, President Hetzel sees the increased demands for all types of extension instruction resulting from improved industrial conditions and particularly improved confidence.

It is stated to be the record for the state. The number of 450 in 1934 was a state record at that time. New Streamlined Train In Operation

B. And O. Inaugurates Service From Washington To New York Today

Service was inaugurated today between New York and Washington, by the Royal Blue, first streamlined train to operate in the busy eastern section of the country, by the Baltimore and Ohio Railroad. The Royal Blue passed through New Castle a week ago enroute to the east where it was to be placed in service.

Painted a resplendent blue and gold, with a rounded rear-end and streamlined exterior, the colorful train marks a restoration to travel of the Royal Blue name, which was famous in the Washington-New York service in the nineties and for years afterwards.

Wire Performer Killed In Fall

(International News Service)

CHARLEROI, Pa., June 24—Following funeral services here, the body of Vera Senior, 35, who plunged to her death from a circus wire on which she was performing Saturday, was taken to Toledo, O. today for burial.

Mrs. Senior, billed as "Vera Spriggs" in the Johnny J. Jones exposition which played here last week, was a veteran wire artist. As her watching audience choked in horror, she fell from a 175 foot stand when a cable snapped during her "slide for life" act. It was said a supporting post worked out of position and the wire snapped as she was about to start the slide which was the feature of the show.

Criminal Cases Are Continued

MERCER, Pa., June 24.—Fifteen criminal cases are continued from the June term for that of September. The list also includes the actions that have been posted since the postponement of this court to September which occurred the first week in June.

Of chief importance in this list of cases is the action charging LeRoy Palmer, 28, of Grove City with the murder of Howard Sidley, 26-year-old filling station proprietor of Findley township. Sidley was found by neighbors in a dying condition at 6:30 p. m. March 16. He died at 7:10 p. m., at the Grove City hospital without regaining consciousness.

Palmer arrested two hours later has been held for court.

Newspapermen Are Under Suspicion Of Secret Service

Popularity Of President Does Not Allay Suspicion Of His Guardians

By ARTHUR C. WIMER
Special Washington Correspondent New Castle News

WASHINGON, D. C., June 24—President Roosevelt's wide popularity hasn't allayed fears of White House secret service men for his safety, and even old-time newspapermen aren't above suspicion by these guardians.

The other day this writer as usual went to the White House to attend one of the bi-weekly press conferences. As he was about to enter the executive chamber, he felt his right elbow vigorously jerked and heard a voice growl—"Take that hand out of your pocket before you go in there." A bit bewildered, your correspondent discovered he had absent-mindedly thrust a balled fist deep into a trousers pocket and that the secret service man stationed at the door of the President's sanctum, wasn't overlooking the possibility of a hidden weapon.

This happened despite the fact the writer has attended hundreds of White House conferences and is recognized by the guards. It seems to suggest a theme song—"Keep Your Hands out of your pockets when You visit the Chief Executive."

Legislators Glad To Quit

Believe Special Session In Winter Is Certain To Be Called

(International News Service)

HARRISBURG, June 24—To paraphrase Tennyson, there was no mourning at the bar upon adjournment of the 1935 legislature—and nobody was more pleased than the legislators themselves, although the way they kept tying up various issues during the last hours didn't always indicate that feeling—the real answer to the jamups on liquor, and then the "authorities" bills, lay with a handful of members—the others would have voted for anything to speed adjournment, which by then was a day overdue.

The windup was the latest in years although the legislature seldom has finished less than 12 to 15 hours later than scheduled. Two years ago the gavels fell finally 16 hours late; four years ago 26 hours late. It's all done by stopping the legislative clocks to fool everybody into thinking it is still a few minutes ahead of the "Friday noon" time fixed for adjournment.

The steering officers in the house were responsible for about 10 hours of the delay this year. The two "authorities" bill which furnished the final scrap were held up in the lower chamber until after the senate quit Saturday morning until noon despite frantic pleas from the upper chamber for the bills so senate conferees could be named. The house conferees had been picked and if the senate delegates could have been named before the recess, the prolonged fight could have been staged during the interval while other members grabbed a few hours of sleep.

Members of both houses quit knowing well they would be back in special session within a year. Farewells were "until December" or "until spring" depending upon the individual viewpoint. Unless the $50,000,000 tax certificate loan plan is voided by the supreme court, the concensus is no session will be called until some time early next spring. Provision for unemployment relief after June 1, 1936, must be made before that time, and if a new constitution is approved, enabling legislation will be pushed forward then.

The series of McClure bills authorizing delay in repaying borrowed money from special funds will be among the last to receive gubernatorial action. They probably will lie on Gov. George H. Earle's desk for the full 30-day period. The administration hopes to be able to get a supreme court decision on the tax anticipation certificate plan before July 22 by requesting the high court to hear the case at once.

Governor Earle has said he will not sign the McClure transfers if the $50,000,000 can be borrowed in anticipation of tax collections. If the high court has not ruled, he will be virtually obliged to sign the series. If he doesn't sign them and the tax certificate plan is ruled out, the special session will have to be called in the fall. The reason for hesitating is largely political. The administration hopes to avoid delay in repaying the funds, most of which are due to local governments, in the face of the fall municipal elections.

One of the major mysteries of the session was how the parks third class city treasurer's tax collection bill ever got out of committee. It was intended that the measure should be quietly "pickled" in committee and forgotten. Several members of the municipal government committee said they didn't know of any action to report the bill. But out it came and was passed without opponents fully realizing the situation.

FIND BABY DEER

(International News Service)

PHILADELPHIA, June 24.—Found wandering along an isolated road near Haverford, a four-day-old baby deer has a new home and a foster mother at the Philadelphia zoological gardens.

The young one was discovered by a motorist who narrowly avoided striking the animal by swerving his car sharply. He brought the baby deer to the zoo here.

The "infant" fitted very well into the scheme of things, because two weeks ago one of the zoo's tame deers gave birth to twins and one of them died. She is now mothering her own offspring and the "orphan".

Sees Small Farm As Real Solution To Relief Problem

U. S. Official Gives Ideas In Address To Farmers In Iowa

(International News Service)

AMES, Ia., June 24.—The small farm is the solution of the relief problem, particularly for the middle-aged man and woman. There they at least can live in comfort, even though without luxuries.

This was the sentiment expressed here today by Dr. T. B. Manny, senior agricultural economist of the U. S. department of agriculture. Speaking before the Iowa Country Life Institute, Dr. Manny said:

"The middle-aged man and woman find it increasingly difficult to obtain employment when they are forced to seek new work.

"Many who reach 50 years of age may find it almost impossible to obtain regular employment in the future. For several years smalll-scale farming as a means of livelihood has been attracting an increasing number of middle-aged people unable to obtain work in other industries.

"The owner of farm land need never be out of a job as long as he can meet whatever fixed charges in the way of taxes and interest on mortgages may be involved, even though the prices for farm products are not high enough to permit him to live in luxury."

Mint Operating At Boom Speed

Demand For Small Coins On Increase—Believed To Reflect Better Times

Money is being made night and day at the United States Mint at Philadelphia to meet a steadily growing demand for small coin pieces.

It is a sign of an increase in retail trade, according to Superintendent Edwin H. Dressel.

In addition, the governments of Mexico, Cuba, and Panama have been shipping silver to Philadelphia for coinage of half dollar pieces.

Since May 1, according to mint officials, the demand for smaller coins has been steady, forcing them to add two extra eight hour shifts in order to care for the new business. The mint now operates 24 hours daily, and payrolls have been increased.

Dressel said he didn't know just how long the "boom" would continue, but indicated that continued gains in business would keep the mint going at top speed.

During May, the mint turned out 68,079,016 domestic coins, mostly pennies, and 4,500,000 foreign coins, which is "considerably ahead" of last year's figures, Dressel reported.

If the demand continues to grow, the record of 74,194,124 pieces turned out last December, may be broken. The previous record had stood since 1917.

The mint recently coined about $50,000 in the old-fashioned "cartwheel" dollars, but making of such pieces temporarily has been suspended.

Explaining why they believed the demand for small coins was a sign of better retail business, mint officials said the pennies, dimes, nickles, and quarters were needed because more dollar bills were changing hands over store counters, necessitating more change.

MERCER SCHOOLS ELIGIBLE FOR AID

MERCER, Pa., June 24—School districts in Mercer County with buildings in need of repair will be included among the applicants for Works Relief assistance once that federal program gets under way. Superintendent W. M. Johnson stated today that a number of districts cognizant of the benefit they can derive from this work are making up their work programs.

A number of school buildings have already been renovated under the program already instituted.

On Court House Hill

Sentence court will be held tomorrow by Judges Hildebrand and Chambers. Sentences will be passed on those who pleaded guilty or were convicted at the recent term of criminal court.

Last week was a fairly good one for the collection of county taxes, according to County Treasurer, William O. Pitts. Friday's collections amounted to $3,227.46.

Under the will of the late Florence A. Boyles, widow of the late David C. Boyles, which has been admitted to probate at the register and recorders office, decedent left her property to two nieces, Adelaide Renard and Elizabeth Steele, both of Chicago, Ill. Alderman O. H. P. Green is named as executor. Under the will of the late David C. Boyles one half of his property was left to his wife, Florence A. Boyles and one half to his daughter, Mrs. Charlotte Reed.

Less than two hundred bills, including appropriation measures, have become laws as a result of five months work by the state legislature. Most of these are relatively unimportant laws which will never be known to more than a few people. During the last few days of the session between two and three times as many bills were passed, as in all of the previous months. Something like 3,500 bills died in committees or on the floor. Thus it will be seen that the legislature lived up to its reputation of doing nothing the greater part of the time.

Prothonotary R. M. Campbell has received a copy of the new marriage license law. It provides that three days must elapse between the time an application for a marriage license is made and it is granted. The procedure will be for the young couple to present themselves for a license and answer the usual questions as to age, residence, occupation, birthplace and data regarding parents. This will all be recorded as at present. Three days later the couple can call for their license, and if no objections have been filed in the meantime, it will be granted. At present the license is immediately made out as soon as the questions are asked. Under the new law there is a special provision that in case of an emergency a license can be granted immediately if approved by the judge of the orphans court. The new law is pretty certain to be unpopular with the young people. A five day notice has been required in Ohio, and that is why so many Ohio couples come here for their marriage licenses. Lawrence county will lose considerable business when the new law takes effect October 1.

Births outnumbered the deaths in Lawrence county by 146 during the period from Jan. 1 to Apr. 10th, according to figures received by County Treasurer, William O. Pitts from the state Bureau of Vital Statistics The total number of births during the period named were 448 and the total number of deaths 302. Both births and deaths are first registered with the local registrars. They are then sent to Harrisburg. The registrars get a fee of fifty cents for making the registrations. This fee is paid by the county. When a person desires to get a record of his birth or secure the record of a death he or she must send to the Bureau of Vital Statistics at Harrisburg to get it.

The court is expected to hand down a ruling soon on the validity of the new delinquent tax law, which provides for abatements of penalties and interest on delinquent taxes provided the 1935 taxes are paid. Nothing is being done toward the collection of delinquent taxes pending this decision.

Two Fishermen Drown At Warren

(International News Service)

WARREN, Pa. June 24—Hip boots worn by two fishermen were held responsible today for their drowning Saturday night when their boat capsized on the Allegheny river. Tom Blute their companion escaped.

The victims were Floyd Passenger and Clair Ferry, both of Venango, Crawford county. Thrown into the water when the boat capsized, the men were prevented from swimming to safety by water which filled their boots.

MARRIAGE LICENSES FALL

MERCER, Pa., June 24.—With 6 days in which to make up a shortage of 144 marriage licenses over the 1934 total of 293 it is the opinion of officials of the bureau that 1935 is not going to break the record of last year.

That climatic conditions have much to do with affairs of the heart is proven by the reduced issuance of the past week of rainy weather. Officials state that the passage of the three-day notification law in this state which while it does not become effective until October 1st, is believed by Ohio applicants to be operative now.

MAY TAKE UP SHARE-THE-WEALTH PROGRAM

Await New Move From President

Administration Leaders May Push For Action At Congress Session

WOULD PROLONG PRESENT CONGRESS

By EDWARD B. LOCKETT
International News Service Staff Correspondent

WASHINGTON, June 24.—Congress was ready today to enact at least a part of President Roosevelt's new share-the-wealth tax program into law at this session.

Leaders eagerly sought go-ahead instructions from the White House. They have received reports that the president wants his sensational plans written into law this summer, but they want something specific from him.

The proposed levies would slash deeply into the nation's great personal and corporate fortunes. They include high inheritance and gift taxes on large estates, "very high" taxes on incomes above $1,000,000, and a graduated tax on corporate net incomes ranging from 10¾ to 16¾ percent.

Demandn Some Action

Sentiment for immediate action has piled to vigorous proportions, both Speaker Byrns annd the senate Democrat leader, Senator Joe Robinson of Arkansas, have joined the chorus of demands that congress settle to work on the tax schedules now. If this is done, the dog days will find the legislators still hard at work.

Senate consideration of the resolution to extend for another year the $500,000,000 of emergency sales taxes which would otherwise expire June 30 will be the signal for open debate on the president's suggestions.

Thus far, only Louisiana's Kingfish, Senator Huey P. Long, has discussed the proposals on the floor. Huey said he would go along with the president if he tried to put the taxes through, but added that he doubted if Mr. Roosevelt really wants the schedules imposed.

La Follette Jumps In

An insurgent drive to attach the big tax program to the emergency resolution, led by Senator La Follette (Prog.) of Wisconsin, headed the sentiment for action on the Roosevelt proposals at this session. Leaders fought this move bitterly, holding it would endanger the emergency measure, which must go through by June 30 or cost the government millions in lost revenue. But they were generally agreeable to the suggestion that the major tax levies be made law at this session.

Senator Borah (R) of Idaho, was the latest member of congress to go on record in favor of action now. He issued a lengthy statement approving the proposals, and said:

"This program ought to be considered as a just and timely readjustment of our tax laws in the light of our stupendous expenditures."

Today

Her Husband In The Snake.
Only The Electric Chair.
France, England, A Rift.
Surprise For Blue Eagle.

By ARTHUR BRISBANE

TODAY'S saddest story has nothing to do with Abyssinia, Germany, or anything human. In Hagerstown, Md., a little wren and her husband lived happily, so tame they took crumbs from the hands of children. The female bird suddenly left her nest, chattering pathetically. F. G. Grove found a blacksnake with its head in the nest, and inside the snake found the little wren's husband, recently swallowed.

Who can prove that this grief is less important than any tragedy among human beings? A wren's heart beats far more rapidly than a human heart, and perhaps it feels more keenly.

SOME YOUNG criminals, apparently, can be adequately managed only by the electric chair. In their case it seems useless to talk of reform or "another chance". They are distinctly of the rattlesnake class.

Consider a 25-year-old machinist, captured in Peoria, who confessed to murder, when the clothing of a dead girl was tossed in his lap. He sobbed:

"Yes, I did it."

This young murderer kept a diary, which in one month recorded 16 attacks on young women. The electric chair should cure his sobbing.

AT ONE TIME, in one city, more than a thousand criminals with bad records were locked up for investigation. It was probably a mistake not to turn in lethal gas that would have settled all their troubles for always. That cannot be done legally, yet, but crime may force the adoption of some such method, a sort of legal "Vigilance Committee".

IN THE LUTE of Anglo-French friendship and understanding there comes a rift, wide enough to let a coach and four drive through. England dealing directly with Germany and Hitler, now rejects the French suggestion of a "consultative pact", which would compel Britain to consult France before reaching any important conclusions.

That ought to interest this country, which agreed to consult everybody on earth before building more ships or tilting its big guns to the most effective angle.

IT IS STATED, bluntly, by British officials:

"Britain is placing greater stress on friendly co-operation with Germany, closer consultations with the British Dominions, and a steady drift toward co-operation with the United States."

NEWS FROM the Department of Commerce, supplied by Universal Service, would surprise the recent deceased Blue Eagle, and others.

"Business shows sharp upturn throughout country since the death of the Blue Eagle, the Commerce Department reports."

This is the skeleton announcement, the details show retail sales increasing, in spite of abominable spring weather, in some of the big cities.

SENATOR HUEY LONG "hurled a challenge" at President Roosevelt in a letter that he read to the Senate. He said if the President would enact his tax program at this session, he, Huey Long, would vanish from politics, and take his "share-the-wealth" campaign with him. He feels that the government's "share-the-wealth" idea is a "steal" from his own.

It is to be hoped that Huey Long will NOT disappear. For him to withdraw into obscurity would be like the great whale disappearing from northern waters, the two-horned rhinoceros from the zoological gardens, the ostrich from desert sands, or the ornithorinchus from Australia. Picturesque things should be preserved **somehow.**

THE REVEREND EDWARD V. DARGIN, recognized as an authority on Catholic canonical law, declares in the **"Ecclesiastical Review** that the Reverend Father Coughlin of Detroit, on the radio, violates the canon law, and "should be punished".

Father Dargin, pastor of St. Joseph's church at Croton Falls, N. Y., quotes a law that "expressly commands priests to abstain from public discussion of politics or secular matters."

Replies that Father Coughlin has hitherto made to other church authorities indicate that he feels able to decide these matters for himself.

FOR 118 DAYS in succession a White Leghorn pullet named Ernestine living at New Brunswick, N. J., has laid a beautiful white egg. Every day she lays the egg within a few minutes of 9:40 a. m., and always expresses loud delight when the egg is laid.

Ernestine ate 29 pounds of feed while laying 14 pounds of eggs worth ten times as much as the feed cost. She is a profitable hen, and it is sad to know that her reward will be when her laying is over, death, and a personal appearance in a chicken stew.

Perhaps among white leghorns there is one that comforts Ernestine with the belief that somewhere in space there is a leghorn heaven in which she will occupy a front seat and cackle eternally. Let us hope so.

Death Uninvited Guest At Nuptials

Woman Staggers Out Of Cab To Pre-Nuptial Party After Taking Poison

(International News Service)

CHICAGO, Ill., June 24.—Two newlywed couples honeymooned today with the haunting recollection that death had been an uninvited guest at the nuptials.

The place at the double ceremony had been intended for Ida Karansky, 25, a distant cousin of the sisters, Faye, 20, and Tillie Robinson, 18, who married Maurice Ruthman, 26, and Abraham Dorfman, 26, respectively.

At the height of the gaiety at a pre-wedding party in the Robinson home, Ida staggered out of a cab and collapsed on the front doorstep, moaning:

"I've taken poison."

They rushed her to the hospital, but she died within an hour. Her father, Max, said the young woman had recently quarreled with her own sweetheart and that the thought the others' happiness had proven too much for her own broken heart.

Surprise Shower For Mrs. Walker

Mrs. Eugene Walker, Recent Bride, Is Honored By E. A. M. Class Members

Roses formed lovely decorations for the home of Miss Geraldine Weisbaker on North Cedar street, when she entertained members of the E. A. M. class of the Presbyterian church at a surprise shower on Mrs. Eugene Walker, a recent bride.

A pleasant surprise feature for the honored guest was a kitchen shower. At an appointed time Mrs. Walker was handed a little bound book. On each page of the book was written the whereabouts of a gift and signed by the giver. In the manner of a real treasure hunt, Marjorie collected many useful gifts.

The evening was spent playing games and dancing. Later a delicious lunch was served by the hostess, assisted by Dorothy Chambers as associate hostess. A centerpiece of roses made an attractive setting for the tempting refreshments served. Tiny unbrellas were given as favors to each guest. Mrs. John E. Porter was a special guest.

"DAZZY" VANCE BACK IN FORM

By HOMER METZ
International News Service Sports Writer

New York June 24—Freddy Fitzsimmons of the New York Giants is one of the best pitchers in baseball. He's got more courage than most big league flingers. A wide variety of "stuff" and as much coolness as the proverbal icicle.

A typical example of Fitzsimmons' skill was seen in the Giants 8 to 0 conquest of the Chicago Cubs here yesterday. Fitz was touched for no less than 11 hits by the Cubs, but seldom was in danger of being scored upon. The big right-hander had no objection to allowing the Chicago batters to fatten their batting averages at his expense, but when it came to scoring, nay, nay Pauline. In the pinches Fitz was invincible.

Braddock-Ruth Attend

Jimmy Braddock, new heavyweight king, and Babe Ruth were among the spectators.

Up in Boston the Pittsburgh Pirates took a doubleheader from the Boston Braves, 4-3 and 7-4. A homer by Gus Suhr with the score tied at 2-2 in the ninth won the opener for the Pittsburghers.

The Pirates put the second game on the ice early by belting Bob Smith for three run rallies in the first and third innings.

Effective relief pitching by a venerable old timer, Dazzy Vance,, enabled the Brooklyn Dodgers to gain an even break in a double header with the St. Louis Cardinals. The Cardinals, behind Dizzy Dean, won the first game in a romp, 16 to 2, but the Dodgers took the nightcap, 10 to 6. Relieving Munns in the fourth inning, the 43 year old Vance held the Cardinals to 5 hits for the balance of the contest.

The Philadelphia Qualers and the Cincinnati Reds also tangled in a twin bill and both ends went to the Reds 6 to 5 and 5 to 2. Goodman's home run with Riggs on base won the first game for the Reds, while Myers smack over the right field wall with Byrd on the paths, gave Dressen's club the second contest.

Indians Win

In the American League, the big event of the day was the third straight defeat suffered by the New York Yanks at the hands of the Cleveland Indians. The score was 6 to 5.

The Philadelphia Athletics slugged their way to an easy double triumph over the St. Louis Browns. The scores were 11 to 7 and 13 to 3. Rogers Hornsby used six pitchers in a futile attempt to silence the exploding Athletic bats.

The Chicago White Sox and the Boston Red Sox divided a doubleheader at Chicago. The Chicagoans took the opener, 4 to 2, with Ted Lyons shading Wes Ferrel on the mound. In the nightcap the Red Sox slugged Young Johnny Whitehead from the mound and won, 8 to 2.

In the other big league game, the Washington Senators, defeated the Detroit Tigers, 12 to 7.

Tolans Take Two League Victories

Tolan A. C. handed the Croton Progressives a double setback in two postponed City Soft Ball league games at Spencer field Saturday. The first game ended 13 to 4 in favor of the Tolans and the second game was stoppped by rain at the end of the fifth with the Tolans ahead 10 to 7.

Boyd hurled the first game for the Tolans and kept the Croton 10 hits scattered. He fanned four men Cook was the pitcher for the Crotons and was found for 11 hits. Grey featured the game with a homer. Other heavy hitters were Engs, Roberts, Cook and Pia.

In the second game Morris held the Crotons to six hits in five innings, with the Crotons bunching hits in the first inning for seven runs. The Tolans had 13 hits off of Macaluso.

Wants First Half Of Season Extended

James Vessella, secretary of the Lawrence County Baseball loop, today suggsted, that, inasmuch as practically every team in the league and there are 10, have two postponed games to play off that the first half of the season be extended. Rain prevented play-offs last week and it is probable his suggestion will be adopted by league officials.

Ruffles Johns On Way To See Fight

Local Youth Is Achieving Note As Second "One-Eyed Connolly"

A New Castle youth of 20 is developing into a second "One Eye Connelly' noted gate crasher at leading sports event in the country, according to Damon Runyan, sports reporter who encountered the New Castle young man at the Baer-Braddock fight in New York, last week, the local young man stated today.

Ruffles Johns, of 1126 Scioto St., a former New Castle high gridder, is the youth in question. The South side lad just returned from Asbury Park (Baer's training camp) and Long Island, New York, where he witnessed the championship setto. During his stay in Asbury Park, Johns was in charge of Baer's equipment. He displayed several photos he took with the former heavyweight champ.

At Long Island, Johns was in Baer's corner during the fight. The local young man has a photo showing him walking out of the ring with Baer, following the bout.

Johns relates that in the past few years, he has crashed his way into the Rose Bowl contest, in California, several movie studies, Worlds Fair, Olympic games, Max Baer-Primo Carnera fight and Barney Ross-McLarin fight. He recently met met Jack Dempsey in his noted restaurant across from Madison Square Garden, New York.

Ruffles is going to New York, where he expects to see the Primo-Carnera-Joe Louis fight, next Tuesday night.

Carnera-Louis Battle Tuesday To Draw Crowd

Mrs. Franklin D. Roosevelt Orders Three Tickets For Heavyweight Bout

By DAVIS J. WALSH
International News Service Sports Editor.

NEW YORK, June 24.—They're talking today about a sixty to seventy thousand crowd, including possibly the first lady, Mrs. Roosevelt, and the governors of four adjacent states. They're talking of a possible $400,000 gate and perhaps half again as much in bets. They feel, in fact, that we're all on the verge of something tremendous with this mixed heavyweight fight tomorrow night between Primo Carnera, the lummox, and Joe Louis, the octoroon with the green, unwinking eyes of a great cat, and none can even guess what may be in store

There's a touch of dynamite in this one, supposedly in the bleachers where Harlem will be ensconced, but notable in the ring where a giant of a man who likes to play rough will be doing business with a cold, silent "killer" about whom there seems to be something not quite human. We haven't had anything like this in years and not only this town but others are responding.

Expect Big Crowd.

Fans were on their way in today from Detroit, where Louis lives, and from Chicago, where he made his best fights, and from Pittsburgh, where he made a few others. It's probably at once the biggest and most inflammable of all the heavyweight fights we've had since Tunney and Dempsey.

Whether the Mrs. Roosevelt item is genuine or the inspiration of a press agent one can not say, the only word being that the tickets were ordered, ostensibly for Mrs. Roosevelt, through the secretary of Mr. James A. Farley, the postmaster general. It occurs to the writers that Mrs. Roosevelt has a secretary of her own and, besides, there was the item, furnished by the same press agent, about the seven former heavyweight champions who he said are to be there.

Orders Tickets.

New York, June 24.—Mrs. Franklin D. Roosevelt, wife of the president, has purchased three tickets to the Joe Louis-Primo Carnera fight tomorrow night, but she is not going to use them herself.

The first lady admitted buying the tickets but declined to say whom they were for.

When asked if she intended to attend the fight herself, she answered: "I should say not. I never go to fights."

Battles Loom In City Golf League

Several Interesting Matches Are Carded For Next Thursday Evening

Shenango Tin, which got away to a tough start early in the season, will attempt to clip the wings of the league leading Conns, who have been steadily forging ahead, when the New Castle Golf Leaguers meet Thursday evening on the Municipal Course.

Several of the other teams in the upper bracket will meet this week, and the results of their matches are being looked forward to.

The schedule for this week follows:

Shenango Tin vs Conns.

Johnson Bronze vs Gersons.

Blair Strip Steel vs Pennsylvania R. R.

Hardware Merchants vs New Castle News.

B. and O. vs Rieck-McJunkin.

East Side vs Reynolds, Summers, and McCann.

Astronomers believe that dust storms such as those of the Middle West are common on Mars.

Tot Doesn't Fear the Giant

Nothing to fear from good-natured Primo Carnera, despite his giant size, smiles little Myra Levy as she rubs good-luck grease on his gloves at Auburn, N. Y., training camp, where Da Preem prepares for bout with Joe Louis. (Central Press)

TIN PLATERS WIN FROM BESSEMER

Infield Cracks In Seventh And Tin Platers Score Three Runs

American Sheet & Tin Plate defeated Bessemer three to two in a Lawrence County Baseball league Sunday at Bessemer. The Tin Platers scored all of their three runs in the seventh inning. The Tin Platers got five hits but not more than one in any one inning and in the ninth Bessemer was in a scoring position but when G. Stanley was put out it checked Bessemer's hopes of winning.

West Pittsburg, Carbon Winners

West Pittsburg won from Castlewood, two to one, and Carbon blanked Ryantown two to nothing, in Lawrence County Baseball league games Saturday.

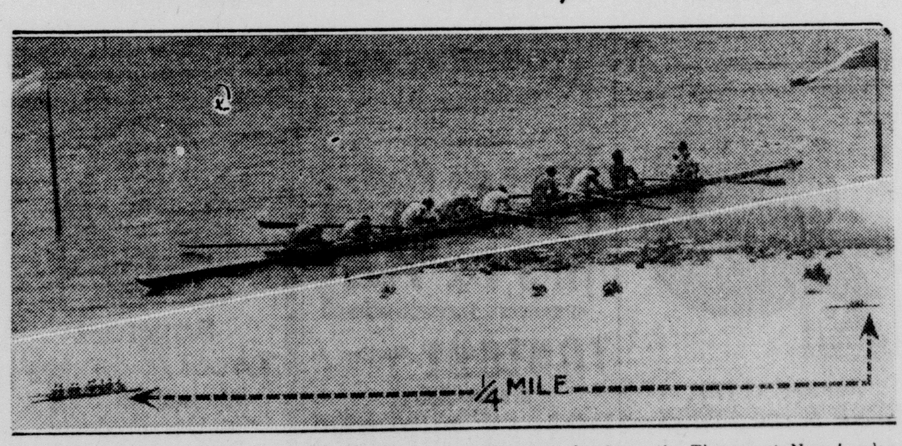
Yale Crew Makes History on Thames



The Sons of Eli were favored to win the annual Yale-Harvard classic on the Thames at New London but no one dreamed they would beat John Harvard's stalwarts by one of the greatest margins in history of their long series of races. Yale's 39th victory, which completed a clean sweep over Harvard, (shown top, exhausted at finish, rowed out after long, futile chase) was by 15 boat lengths, nearly one-quarter of a mile. WAMPUM BEATS RYANTOWN, 8-7

Buchelle Outpitches Hill; Ryantown Plays Loose Ball

Wampum outhit Ryantown yesterday afternoon at Ryantown and won a Lawrence county baseball league game 8 to 7. In the first of the eighth inning Wampum scored three runs and in the last Ryantown also scored three runs which was one short of tying up the game. Both teams went scoreless in the ninth.

Hill and Buchelle pitched and the latter had the best of the slab work. Buchelle permitted only seven hits while Hill was touched up 12 times. However, Ryantown took advantage of their breaks but a flock of errors kept the team from winning.

Alabama Pitts Has Made Good

Plays First Game With Albany, Gets Two Hits And Fields Perfectly

(International News Service)

ALBANY, N. Y., June 24.—Fandom, composed of the men and women who make professional baseball a paying industry, today placed its stamp of approval on Alabama Pitts, former Sing Sing prison athlete.

While experts studied the batting and fielding accomplishments of the young ex-convict in his first games yesterday as a member of the Albany International League club, the fans summed up their reactions in a single sentence:

"He'll make the grade."

If Judge Landis, high commissioner of baseball, had any doubt about the wisdom of the ruling by which he overturned the Minor League ban against Pitts, they were settled the moment the latter stepped to the plate in the first inning of his first game as a member of the Albany Senators.

The crowd gave the lie to the weighty finding of Judge Bramham, boss of the Minor leagues, that "the public will resent" the playing of a former prison inmate.

They showed their feelings by turning out, 7,752 strong, the largest crowd to attend an Albany game in two years; they emphasized their sentiments by cheering Pitts when he struck out on one of his eight appearances at the plate; they shouted their glee when he singled twice with men on base; they stood on their seats and howled when Pitts turned in the two fielding gems of the day.

Syracuse and Albany sent 18 men on the field, but the fans were interested only in Pitts. His very move was followed by thunderous applause, inspired originally by sentiment but backed in the end by relief as the youngster responded with a .250 batting bark and a perfect fielding average for the day.

Jennings Wins Race At Sharon

(International News Service)

SHARON, Pa., June 24.—Doggedly "trailing" Bud Henderson, two-time winner this year, until Henderson's car broke down under the drive, a Detroit speed demon, Windy Jennings, took the 20-mile Sharon speedway classic here. Deb Snyder, Kent, O., always a pacemaker, took second, with Gail Lanker, Carey, O., third.

Elbert Booker, Detroit, topped the extra-large field of 12 starters in the 10-mile preliminary, with Red Abraham, Akron, second; Ted Wright, Greensburg, third, and Clyde Swartz, Natrona, fourth.

Dr. Kiyoshi Onari, a Manchurian psychiatrist, believes the world will be overrun with the insane "unless we are more reserved in our living."

HERE AND THERE IN SPORTS' LAND

Only one day remains until Primo Carnera and Joe Louis strut their stuff in New York city and while neither holds a title there's as much, if not more interest, than in the Max Baer-Jimmy Braddock bout which Braddock won, thereby annexing the title. Carnera held the title until Baer took it from him. Louis, a fast shifty colored fighter, is expected by many of his followers to beat Carnera. If he should get away with the big Italian he will be in a position to shout lustily for a crack at Braddock's title. One of those who favors Louis to win is Jimmie Dunn while Jimmie Steiner who was right on the Braddock-Baer fight has fonnd hopes of the big Italian beating Louis.

For the second successive year Leroy Weir, Cleveland, wears the West Penn men's singles tennis crown having defeated Frank Broida of Pittsburgh yesterday.

Jesse Owens proved a sensation again Saturday in the National Collegiate A. A. championships at Berkeley. He won the 100 and 200 yard dashes, the 220 low hurdles and the broad jump.

Bryan Grant of Atlanta won the clay courts title again by beating Frank Parker of Milwaukee at Chicago yesterday, 4-6, 6-1, 3-6, 6-3, 6-0. It was the third time that Grant took the crown.

Radiators-Unions To Battle Tonight

B. & O. Field Will See Biggest Crowd Of Year As Rivals Clash At 6 O'clock

After two postponements the Radiators and Unions will clash tonight in that all-important city soft ball league game at the B. & O. field. The game will start at 6 o'clock and it looks like a crowd of about 2,000 fans.

The Radiators are battling for the first half championship and will send Norman "Cannonball" Bishara into the game in an effort to make the Unions dizzy with his lightning delivery. The Unions under "Texie" Richards will use either Babs or Dickson on the mound.

President Walther has assigned "Bat" Parker and Bert Evans to handle this game, and looks for one of the best games of the year.

The Unions won the first game of the season 6 to 5 at Centennial field and since that time the Rads have been priming for this battle which will take place tonight.

ST. ANDREWS VS TOLANS WEDNESDAY

The scheduled game tonight between the Tolan A. C. and the St. Andrews at Gaston park has been postponed until Wednesday night, it was announced today. The Saints still have a chance to cop the first half title and are fighting hard under Keith VanFossan to upset the Rads.

Sunday Tennis, Polo Are Legal

Governor Earle Signs Measure For Sunday Tennis, Polo And Earlier Starting

(International News Service)

HARRISBURG, June 24—Sunday tennis and polo were legal in Pennsylvania today as a result of Gov. George H. Earle's signing of two bills.

Through a rider slipped into both acts, the time for Sunday baseball and football was extended two hours and they may now be played from 1 o'clock in the afternoon until 7 o'clock at night instead of 2 to 6 as formerly.

The tennis bill, legalizes the staging of tennis games for which admissions are charged on the Sabbath and allows municipalities to charge license fees not exceeding $25. Mahoning To Oppose Carbon

Manager Cangey Will Send Either Gunnett Or McCullough To Hill

HILLSVILLE TO PLAY AT HOME

Rain prevented Mahoning and Carbon from playing Sunday but the two aggregations will clash at 5:45 p. m. today on the E. & A. field. Nick Cangey, manager of Mahoning will send either Gunnett or McCullough to the slab and Carbon expects Cracraft to furnish a thrill by hitting one of their fast ones out of the lot.

Mahoning has won nine and lost four games and must win all their games if they would give the Tin Platers stiff opposition for first place and on Wednesday they oppose the Tin Platers at Centennial field, will play at Carbon Thursday and journey to Hillsville Saturday. They will be back home next Sunday.

West Pittsburg and Hillsville will see action in a twilight game today at Hillsville.

Little Barely Makes Grade In British Open

By F. A. WRAY
International News Service Sports Writer.

MUIRFIELD, Scotland, June 24.—W. Lawson Little, amateur champion of America and England, hardly covered himself with glory today in playing the first half of the unqualifying round of the British open golf championship, the siege gun from the Presidio, San Francisco, having a 78, six strokes over par. Only a sudden rally in fact on the last five holes, when all seemed lost, saved the American from probable elimination, these holes being shot in even par.

Meanwhile, Frank K. Ball, American professional, had played the other qualifying course, Gullane, in a par 72. Muirfield, where Little played, proved much the sterner test today, however, a shifting east wind causing most of the scores there to mount toward the eighties.

Alliss Has 70.

Meantime, Percy Alliss, dangerous Britisher, had gone around in a scorching 70 to take a temporary lead over the qualifying field.

Alliss played Gullane, where some of the other 18-hole scorer were:

Arthur Havers 73, B. S. Weastell 76, Graham Patrick 80, Stuart Murray 83 and J. T. Brookless 83.

At Muirfield, Herbert Jolly had an 76, G. Charman a 76, James Brodie, Jr., a 78, William Crockett a 75, Jim Frazer an 80 and Tom Fernie an 82.

R. V. K. Finlay, another of the British contingent, had a 79 here, while F. C. Jewell took 84 and K. Greig a 77.

Then Arthur Lees, the Yorkshire champion, came rollicking in with a 71 at Muirfield to take second place behind Alliss.

Elmer Badger Matched For Bout

Sammy Crocetti To Get Line On Wilson In Tuesday's Scrap

Elmer Badger, local middleweight, has been matched to box Battling Swearen at Washington Wednesday night, according to word received from his manager, Bobby Burns, Pittsburgh, today. Burns informed Elmer that other bouts are in prospect. Elmer is a rugged scrapper and is in training here.

Sammy Crocetti, local featherweight, who is matched to fight Jackie Wilson at DuBois, July 4, will go to Youngstown, Tuesday to see Wilson in action against the Michigan featherweight, Johnny Mitchell. He wants to get a line on Wilson.

Sharon Jacks Defeat Unions

Unions went to Sharon yesterday and lost to the famous Sharon Jacks 6 to 4 with Johnny Krivosh, the Westminster floor star, hurling a five-hit game and whiffing seven of the Unions. The Jacks had seven hits off of Rod Pezzone and Al Ritchie. The Jacks have been undefeated in two years.

Johnny Uram was the batting star for the Unions with three hits, one a double. Chuck Sumners also hit a double. Zingaro played a fine game at third for the Unions.

Prior to the game Johnny Uram, local speedster, handed a defeat to Hyatt, a colored boy from Farrell in a 100-yard dash. A crowd of 2,000 witnessed the game.

WANTS TO WORK FOR HUBBY

(International News Service)

UNIONTOWN, Pa., June 24.—Mrs. George Campbell, Newboro mother, has rudely jolted that time-honored belief that women are the weaker sex.

She is intent on taking over a works relief construction job in place of her laboring husband, who was sentenced to jail for larceny, and earn a livelihood for her family. A card ordering her husband to report for work received shortly after he was sentenced was exhibited by Mrs. Campbell in her application for the job.

ELLWOOD CITY, June 24.—One youth was killed and another slightly injured when their car overturned on a dirt road between Zelienople and Ellwood City in Beaver county, between 4 and 4:30 p. m. Sunday.

Bathing Suits Give Sun Chance

In the good old days many a boy got "tanned" in the woodshed for swimming without his shirt, but he had a reason for going without his shirt, namely—the cumbersome suits of the 90's (left). More and more has been taken off for modern beach styling, until at last the irreducible minimum seems to have been reached. Most beaches now allow costume (below, left) for men, and Nancy Flake (right) disports charming form-fitting suit for women. Both can get their tanning on the beach in 1935. (Central Press)

Stock Market Continues Up

Market Absorbs Heavy Profit-Taking And Advances Into New High Ground

By LESLIE GOULD
International News Service Financial Writer

NEW YORK, June 24.—Absorbing heavy profit-taking, the stock market advanced into new high ground for the year today on large-scale dealings.

Utilities, motors and rails set the pace, followed by the mail order and farm implement shares. Some irregularity developed when traders took their profits in recent favorites but this was only temporary and the undertone remained strong.

Mining shares alone were exceptions, particularly the gold issues where losses ran to over a point in McIntyre mines. There was some pressure on the silvers as well, reflecting the sharp drop in the world price, U. S. Smelting losing a point.

Commodities were generally lower, gains and cotton giving way with silver. Bonds were irregularly higher. Gold currencies were firm in foreign exchanges.

Most utility issues went to new highs for the year in heavy buying following the news that the drastically-changed holding company bill would be reported to the house today. Consolidated Gas was unusually active, as was United Corp. common in the low-priced division.

The motor list continued to give a strong performance following the revelation that retail sales were higher than current production and that some schedules would be lifted in the next two weeks to replenish dealers' stocks. General Motors was the pacemaker, coming within a fraction of its 1935 high.

Big dealings in the farm shares dominated the midday dealings. Sears Roebuck rose over a point and Montgomery Ward was strong and active. International Harvester set the pace for the implement division.

General Electric hit a new high. Westinghouse was inclined to lag. Pullman was strong in the rail equipments.

Union Pacific rose a point in the rails and Atchison was in demand. Steel shares ignored the sharp drop in the industry's operations for the week. Oils were inclined to mark time though Standard of New Jersey was firm.

PERSEVERANCE WINS

(International News Service)

WAYNESBURG, June 24.—Perseverance again has triumphed. Forced to withdraw from school 26 years ago and seek employment, Ira Coleman Henderson, now a 44-year-old musician and manual craftsman, recently was awarded a bachelor of science in education degree at Waynesburg college. During his long absence from the classrooms, Henderson never deserted his books and returned to the college thoroughly prepared.

Lindy's "Robot Heart" Tested

Results of researches upon which Charles A. Lindbergh (whose newest picture is shown below) is known to have been engaged at Rockefeller Institute, New York, with Dr. Alexis Carrel (left) for many months, now are being studied by world's scientists. Success of new experiments in keeping organs alive outside of body, which Nobel Prizewinner Carrel has been carrying on for years, is attributed to Lindbergh's device (right), which performs functions of heart (below) for the disembodied organs. *(Central Press)*

Outdoor Rituals Attended By 3,000

Corpus Christi Observance Is Held On Sunday At St. Vitus Church

SACRED HYMNS PLAYED BY BAND

Approximately 3,000 devout Catholics, demonstrated their faith, on Sunday evening, by participating in the annual Corpus Christi outdoor rituals conducted in the vicinity of the St. Vitus church.

Congregating in front of the south side church, about 1,000 persons, including several priests from the district, marched towards the corner of Home, South Mercer, Maitland and South Jefferson streets, as 2,000 persons looked on. At the four corners beautiful altars were erected for the occasion by residents of the district. At each altar benediction of the blessed sacrament services were conducted.

The streets, decorated with valuable silks, embroideries and other materials and flowers, were a sight which will be remembered for some time. The South Side Board of Trade band, under the direction of Anthony Basile, rendered a number of sacred hymns.

Following the procession, the crowd filled the St. Vitus church to capacity, to listen to the Rev. Fr. Joseph O'Maher, passionate father, of St. Paul's Monastery, Pittsburgh, a noted religious figure in the district. After telling his audience that he was edified at the outward manifestation of faith displayed by the Catholics of New Castle, the Rev. Fr. O'Maher delivered a most instructive sermon on the "Blessed Sacrament". He brought out a number of worthwhile ideas in his sermon.

The fifth and final Benediction of the Blessed Sacrament brought to a close the annual observance. Taking part in the services were: Rev. Fr. Joseph O'Maher, who acted as celebrant, the Rev. Fr. Giamarino, of Youngstown, deacon, the Rev. Fr. Crisco, of Youngstown, sub-deacon, the Rev. Fr. Nicholas DeMita, master of ceremonies, Nicholas Biondi, St. Vincent college, master of ceremonies; Nicholas Casalandra, St. Fidelis Seminary, Dante DeLillo, St. Vincent college, Joseph Mastrangelo, St. Vincent college and Richard Pauls, St. Fidelis Seminary.

Frank Mastrangelo and Frank Musolino were in charge of outdoor preparations. The attractive altars were constructed by Mr. and Mrs. Angelo Pascarello, Mrs. Vitus Conti, Mrs. Pezullo, Mrs. Natale, Mrs. Armanda and Mrs. DeCarbo.

Youthful 'Roamer' Tells Experiences

Enoch Squires, 25, Recounts Life 'On The Road' Since He Was 17

"Eighty Thousand Miles on $12" was the topic of the intensely interesting luncheon talk that Enoch Squires, 25-year-old continent roamer from Indian Lake, N. Y., gave for the benefit of the Rotary club at The Castleton today.

The youth, in an interesting message, recalled for the club some of the high spots of a roamer's life that have taken him a number of times through continents of North, South and Central America since he was 17. At the present time he is lecturing on his experiences.

"Home, sweet home." Squires told the clubmen as he closed his talk, "is the best place after all."

His advice to young boys, torn with the yearning for travel, is to stay off the road. He said boys "hitching" now average between 17 and 18 years of age.

Guests of the club today were D. S. Keller, Grove City, and Arthur L. McComb, Aspinwall, formerly athletic director at Ben Franklin junior high school here.

Sheriff Pritchard Finds Former New Castle Boy An Attorney In Atlanta

Sheriff Edward D. Pritchard and Baltimore and Ohio Railroad detective, Carl Wright, have returned from Atlanta, Ga., with Anthony Carrigan, who was wanted here on a charge of breaking and entering railroad box cars. Carrigan, who has just finished serving a term in the Federal prison at Atlanta, came along without requisition papers.

While in Atlanta Sheriff Pritchard met a former New Castle boy, George Thomas, son of Mr. and Mrs. William Thomas of New Castle, and a grandson of Policeman and Mrs. George Wyman. Mr. Thomas, who will be remembered as a New Castle high school football player, is now a practicing attorney in Atlanta, being a member of the firm of Hopkins and Thomas. Sheriff Pritchard found that he is making good in his profession. Thomas graduated from the law school in Atlanta.

Sheriff Pritchard and Detective Wright visited the federal penitentiary, where they were shown through the establishment by Warden Atterholt. They attended federal court, where they met Judge Z. L. Rosser. Sheriff Pritchard also had a pleasant chat with Governor Talmadge of Georgia.

Dewberry And Rees Home From Florida

Frank M. Dewberry, Sumner avenue, and Arthur Rees, East Washington street, returned yesterday afternoon from Tallahassee, Fla., where they were summoned by government subpoenas to identify a prisoner held for using the mails to defraud.

The prisoner, Albert S. Geyer, alleged to have swindled Dewberry and Rees and other New Castle people in a stock deal in 1930, admitted his identity before the two reached the Florida city. His trial, Rees said, was delayed.

Parker's Landing Veteran 100 Today

Joseph Bullman, Known Here, Reaches Century Mark; Town Celebrates

Lawrence county and Butler county residents alike paid glowing tribute to a Civil war veteran of Parker's Landing, Butler county, who reached his 100th birthday today.

The elderly soldier, Joseph Bullman, was to be honored by Parker's Landing in an all-day celebration today. Flags flew there in his honor. Bullman in war days belonged to Company F, 134th Volunteer regiment. He is well known here.

For the past 20 years, the G. A. R vet has visited at the home of his nephew, A. D. Huffman, 719 County Line street, but it is doubtful if he will pay a call this summer. He now resides with his daughter, Maude E. Bullman.

The Huffman family spent Sunday at Mr. Bullman's home.

Born June 24,, 1835, Mr. Bullman, records show, first enlisted in the United States service on August 4, 1862 in Allegheny township, Butler county. During the war he fought in the battles of Antietam, Fredericksburg, Burnside's mud march and Chancellorsville. The entire company in which Bullman fought volountered to fight in the latter battle although the company's service had expired. He was honorably discharged at Harrisburg in 1863.

He then re-enlisted in Venango township, Butler county in the 107th infantry and for three years fought in all the battles in which the fifth army corps was engaged until April, 1865.

During his term of enlistment, except for his hospital confinement, he was in continuous service and was present for the grand review in Washington on May 24, 1865.
